### **Golf tour OFFER !!!**

Heartful greetings from the Country of Himalayan Nepal, the Land of Everest & the Birth place of Lord Buddha. Nepal can be imagined with various things but when you relate Nepal with Golf, you might as well find it a little bit mismatching but it does not mean that you cannot imagine Nepal from Golf Tours' perspective.

In Nepal golf was started by the Rana dynasty members who often had British visitors and high ranking officials. In the last 50 years Golf has become popular among common people and it is justified by the fact that at least a dozen championships of Golf take places in the various golf courses of Nepal.

In the initial days the Gaucharan Golf course presently name Nepal Golf course was the only one but there are many nowadays in different parts of Nepal. Golfing can be an exciting part of your journey when you go through tours and treks in Nepal.

Currently, there are five golf courses that are available in Nepal that are providing good services with occasional golf tournaments. They are Royal Nepal Golf Club (Tilganga), Gokarna Forest Golf Resort, Himalayan Golf Course, Yeti's Golf Course and Nirvana Country Club (Dharan). Gorkarna Forest Golf Resort is considered as a luxury golf resort in South Asia. These golf courses are located in some beautiful and interesting places and that might as well be the reason why people have been interested in Golf Tours.

Thus, Golf Tours are flourishing in Nepal as people are changing their mindset; foreigners are also influenced towards it as a tour package seeing that they offer wonderful views of the mountains. The reason that it is supposed to be a highly preferred game as it is an expensive game in Nepalese context is the service provided during the game period and the luxury of the view alongside the game.
